◎CD/DVD/BD/LD etc. Disc Care Products

Nano Clean Z

CLEANING & COATING LIQUIDS for Optical Discs

●These Liquid was developed for Optical Discs such as CD/DVD/BD/Laser Disc's Cleaning & Coating. You can experience Dramatic Effect of Improving the Sound & Picture Quality. We also recommend to use for Recordable/Re-writable Discs, such as CD-R/RW, DVD-R/RW and BD-R/RE.

●Nano Clean Z contains Cleaning Liquid [N-1], Coating Liquid [N-2], and Wiping Paper (5-pcs.). [N-1] & [N-2] or Wiping Paper [NW-1] is available, separately.

[NW-1]

NANOTEC WIPING PAPER
30-sheets in the Box

We recommend this High-tech Wiping Paper for using with [Nano Clean Z], [NANO Pure +] [CUG-1] to get Maximum Performance of these Liquids. [NW-1] contains 30-sheets of Wiping Paper.

◎ANALOG DISC CLEANING LIQUID

[Nano Clean A-1]

New

●This Nano Clean A-1 was developed by Black Disc Enthusiast who loves the Sound of Analog Discs very much. By reflecting & investigating the Process of Analog Disc Production, we found the need of Removing the thin film on the Discs, which masks the Pure Sound which was grooved.

NET : 60mL
in Spray
Bottle
model No. A-1

●This Nano Clean A-1 can be used by Spraying direct on the Black Discs or Market Available Cleaning Pad. Effective not only for Dirty Used Discs but also for Brand-New Disc. Please try!!! You can hear the Difference.

◎ELECTRICAL CONTACT ENHANCER LIQUID

●These unique Liquid which have Nano-sized Gold or Silver or Copper micro particles dispersed in Deep-sea Shark Oil, solves the Electrical Contact Points Troubles.

●CONTACT PRO Series

- COPPER Contact Pen Model No. CCP

NANO Pure +

●NANO Pure Plus is easy to use by 1-bottle Operation, for Cleaning & Coating with Single Liquid. This Liquid has the Special Effect of Elimination of Electrostatic-Charge like other Coating Liquid like [N-2] as much as making the Light which is coming in & going out the Disc more Strong like [N-1].

Audio Excellent Award 2008 by Ongen Publishing
CLEANING & COATING LIQUID for Optical Discs

Model No. NP-1+
NET : 60-mL

◎CABLE UP-GRADE Liquid

●This Bottle [CUG-1] contains very effective liquid for the Improvement of the Audio/Visual Cables. It is very easy to use it, just spray the liquid on some tissue-paper, and pipe the surface of the Cables. Recommendable not only Analog Cables, but also, Digital Cables, such as USB, HDMI, or Coaxial/XLR Cables.
